AV Contact: _____ Phone / email: _____

1. **Audio Elements:**

- a. SPEAKER travels with a wireless Countryman E6 microphone and necessary adaptors to be used with *Shure, Sennheiser and Audio Technica* systems.
- b. One wireless handheld microphone on stand for audience interaction.
- c. A professional sound system capable of room-filling vocal and musical audio is critical to a successful event. Music is played via SPEAKER's laptop.

2. **Video & Graphic Projection:**

- a. SPEAKER will project graphics/video via a Mac laptop computer and carries Digital, VGA and HDMI Mac adaptors for projector connection.

3. **Live Camera Feed / Image Magnification (if applicable):**

- a. If a live video feed is being projected via iMag, SPEAKER highly suggests a scheduled 15-minute rehearsal with camera operators and director to ensure best framing of shots.

4 **Stage:**

- a. SPEAKER will require audience access during the session and audience members may participate on stage at their discretion.
- b. SPEAKER does not require a Podium. If one is used for other presenters, it should not be positioned stage center, or, it should be moveable to allow for audience participation to take place on center stage for non-obstructed viewing.

5 **Other:**

- a. A standard catering tray stand ("Tray Jack") on stage with a covering linen to be used as table. (Example at right.)
- b. Food should NOT be served or cleared during performance.
- c. Four (4) armless and non-rolling chairs to be used on stage if "team member levitation" is being presented.
- d. Access to conference bookstore will be provided, or, a small table at the back of the room by main exit doors for book display and related give-away material (if applicable to your event).
